On time, professional, super patient while we were juggling three kids around, and even squeezed in two fillings that needed to be addressed because they had time and so we would not have to make an extra appointment. Very happy with Dr. Belani and her ladies.

Excellent Services as always. I am a BIG FAN of this Dental Office esp with Dr Patel. Dr Patel has done a phenomenal job at doing the Deep Cleaning, and the follow-ups so that my gums get stronger and the bit of weakness it had is now all gone. Great great great job. The Dental Assistant was awesome and spent quality time. Go there with confidence and build a long term relationship with them so that your teeth can be cared for and the historical value of a single office knowing your situation will be totally invaluable.

I was very nervous bringing my 2.5year old daughter , because she is high maintenance and hates anything new . She barely lets me brush her teeth but they worked with her and made her feel comfortable and she did awesome . I was very happy how the appointment went and now my daughter is happy to show me her teeth .

She was able to make my 3 and 5 year old kids feel at ease immediately and explained every step in ways they could understand. The assistants were kind and courteous. I would recommend Dr. Khare to anyone who is looking for a great dentist in this area!

Fantastic Dental Office serving our family from 2004 with minimum two cleanings per year for all members of family. Friendly, Prompt, Great Service, Clarity on Fees/Bills/Co-pays, Through, and Always gives great reminders (Text/SMS, Phone, and Email). Loved the recent 'deep cleaning sessions' also which was made as pleasant as possible, with due consideration to make it most comfortable and painless. My wife has been through Root-canals and Caps, and it has been great also. Consistency, Prompt, and Never Over-scheduled like many other Dental Offices I have experienced extending wait times - NOT Here. Leverage the Dentistry with full confidence. I asked them for providing this online feedback without solicitation either, since I wanted everyone to know how great my experiences have been from the day Dr Belani started with us and now with other Dentists (most recently Dr Patel and prior Dr Khare).

After moving to this area, I needed to find a primary dentist due to requirements on our HMO dental insurance plan. HMO would not be our first choice, but it was our only choice. I used Yelp to find reviews of dentists near me, and came across Aurora

Dentrix. I made an appointment and was in within 3 days. I have to say that Dr. Patel was extremely nice, informative and made me feel comfortable. I hadn't been to a dentist for a while, and I was quite ashamed of having neglected my teeth for so long, but she didn't bat an eye and made me feel much less awkward. She directed me to a specialist for a root canal, and then I will be returning to her office for the remaining work to be done. I hope my future appointments go as well as my first one did. Everyone in the office was very nice and efficient.

Aurora Dentrix was willing to have me come in to have a filling put on a tooth that was sensitive, following work that had been done by that office previously, even though my insurance had changed, and was no longer in network. However, the doctor did not wait for my tooth to get numb before beginning the work, which resulted in some pain, and it seems that he rushed through, since a week later, the filling popped off.

I am very happy I made the switch to an office that accommodates my work schedule and has a great team and Dr. Karan. Thank you.

I always receive excellent service at Aurora Dentrrix and from Dr. Khare. She has such a delightful personality while remaining a consummate professional. She explains everything very well, makes me part of the decision-making process, and is always very gentle! For the first time in my life I am not terrified to go to the dentist! As an added bonus, the North Aurora office was renovated a few years ago and is now a beautiful, peaceful, and state-of-the-art setting in which to receive excellent care. I couldn't recommend Dr. Khare and Aurora Dentrrix more highly.

The dentist that I had substituting for my dentist was fine ... though we did have complaints voiced and unvoiced. After I sat down in the chair, I had to wait for quite a bit - maybe 20-30 min. That wouldn't have been so bad if it weren't for the old rock radio station they had on. We were being very triggered by it. We have DID and PTSD AND a service dog. We asked her to turn the noise off. The woman said she couldn't turn it off, and that she would turn it down. We couldn't understand why she couldn't turn it off for us ... she was out the door very quickly. It was still too loud for us ... finally, we just got up and turned it off ourselves. We were having a very difficult time. It was a simple knob next to the light switch. We felt really triggered by it on, but we had a chance to pull ourselves back together. When the dentist came in, we told him we had had a problem and about our mental status. He didn't say anything, so we asked him directly ... why couldn't she turn off the noise. He said he didn't know and that he didn't understand the music system. At that point we shut-up because it was obvious we weren't getting assistance from our support staff as to honesty. As to the Dr.'s point ... he's a dr? it was a knob ... turn left for off, turn right for louder. We'll wait for our regular dentist to come back.

I think they did a great job. I went in to take care of a crown and a new partial. Their prices are reasonable for the work being done. They were very efficient ... I think we had at least four people taking care of us, and they were considerate of our service dog. The work went smooth and things got done pretty quickly. The only reason they didn't get 5 stars is that there wasn't any comfortable "chatter." So it didn't appear as friendly as it might. They were very good at explaining the procedures.

Review for Inshu Khare

I cannot be happier with my experience at Aurora Dentrix. I have a history of dental problems and so have had my share of dentists. Aurora Dentrix is easily superior by far. Dr. Khare takes a conservative approach and saves teeth when she can. My front tooth has been capped since I was 12 (I am in my fifties) -- a previous dentist tried three different colors to match; it was a grueling experience of months of wearing temporaries only to find that the three attempts to match were unsuccessful. That dentist ordered their crowns from CA. That other dentist wanted me to pay for a veneer on the healthy tooth so I would match. In contrast, Aurora Dentrix uses a true artisan who took the time to create a perfectly matching tooth--allowing me to give my input on the color--and the whole process took less than three weeks. Their office staff is friendly and efficient and it is a very comfortable experience to receive dental work there. I highly recommend Aurora Dentrix!

Went in for three appts., mine and my two children. We were seen quickly and efficiently by Dr. Khare, herself. She noted she felt it important to see and diagnose her patients herself, so does her own cleanings, cutting down on patient wait time as well. Another hygienist came in to do the polishing but all three of us were in and out in less than an hour and I felt we were all well attended to.

Review for Inshu Khare

Overall the staff was professional. I was really surprised that the dentist did the actual cleaning. I was a little unsettled by the differing opinion of my previous dentist to this one regarding the condition of my gums. My previous dentist said it was a concern and they did measure my gums to make sure. Other than that, it was a good visit.

This Dental Office is worth trying out if you are looking for a good general dentistry practice. The staff are kind and know what they are doing, the office is clean and in good shape (They are currently remodeling to update the look of the place), and so far the service has been quick and on-time. The only gripe I have is that there are no specialists on site so oral surgery (Root Canals and the like) needs to be performed off-site.

About 20 years I got hit in the mouth with a baseball bat and it broke 3 front teeth. After going to several dentists throughout the years, and being on disability for the past 10, I could never afford to fix them. I am now getting

married and decided to try one more dentist, and I am sooo glad I did! Reed Layne at Aurora Dentrix fixed my front teeth so I could have a nice smile at my wedding, and he did it at a price I could afford!!! He truly is a wonderful and skilled dentist, I won't ever go anywhere else! Thank you so very much for everything, I now have the confidence I've been searching for my whole life! God Bless!

I love my new tooth!! Dr. Khare and the Aurora Dentrix team took excellent care of me. I was very nervous about it since it was front tooth but I couldn't be happier with the results!!

I was referred to Aurora Dentrrix by my sister. I was very hesitant in changing dentist however I am glad that I did. Dr. Reed Layne and the rest of the personnel were professional and very welcoming. My husband has his own insurance plan and I will be recommend him as well. Michelle Turzy-Arreola

Review for Reed Layne

I've been to several dentist trying to get a gap in my teeth fixed, but all have been outrageous in price and limited in options. Reed Layne at Aurora Dentrix gave me several options, including a really cheap one. Extremely happy with my visit! Will be coming back soon!

Inshu did an amazing job! Not only did she frequently ask if I was happy with the filling, but she made the experience enjoyable right from the minute she walked into the door! Her attention to detail and follow up procedures are one of a kind.
